It's political!

This week, the North Carolina General Assembly met to vote on a major private school voucher expansion plan. The legislation, HB10, passed in the Senate on Monday and goes to the House next. The plan is irresponsible and detrimental to the public schools we love, siphoning *billions* of public dollars away from public schools and into the pockets of the wealthiest families in North Carolina. [Come together with your coworkers TOMORROW to unite against the attacks on our public schools and build the power we need to win.](#)

**VOTE
FOR
PUBLIC
SCHOOLS**

We know that our local and state politicians make a *huge* impact on our day-to-day lives as public school employees. If you want the public schools that you and your students need and

deserve, the truth is, *it's political*. Politicians who are pushing voucher expansion are working to dismantle our public schools as we know them. We have an opportunity this November to elect more politicians who care about North Carolina public schools and want an excellent free and public education for all North Carolina students.

This fall, your work in the union can get pro-union and pro-public education candidates elected! It's going to take all of us. Come learn more at the [September Mass Meeting](#).
